

Data Sheet

Product Name:	Dibutyl sulfide
Cat. No.:	CS-0255960
CAS No.:	544-40-1
Molecular Formula:	C ₈ H ₁₈ S
Molecular Weight:	146.29
Target:	Biochemical Assay Reagents
Pathway:	Others
Solubility:	10 mM in DMSO

BIOLOGICAL ACTIVITY:

Dibutyl sulfide is a biochemical reagent that can be used as a biological material or organic compound for life science related research.

CAIndexNames:

Butane, 1,1'-thiobis-

SMILES:

CCCCSCCCC

Caution: Product has not been fully validated for medical applications. For research use only.

Tel: 610-426-3128

Fax: 888-484-5008
