

Data Sheet

Product Name:	Cyclopropylmethyl bromide
Cat. No.:	CS-W020194
CAS No.:	7051-34-5
Molecular Formula:	C ₄ H ₇ Br
Molecular Weight:	135.00
Target:	Biochemical Assay Reagents
Pathway:	Others
Solubility:	10 mM in DMSO

BIOLOGICAL ACTIVITY:

Cyclopropylmethyl bromide is a biochemical reagent that can be used as a biological material or organic compound for life science related research.

CAIndexNames:

Cyclopropane, (bromomethyl)-

SMILES:

BrCC1CC1

Caution: Product has not been fully validated for medical applications. For research use only.

Tel: 610-426-3128

Fax: 888-484-5008

E-mail: sales@ChemScene.com

Address: 1 Deer Park Dr, Suite Q, Monmouth Junction, NJ 08852, USA
